# “... entrepreneurship ... a viable alternative to unsatisfying professions and **unrewarding** careers”

## OVERVIEW

As a motivated executive, you have gained a great deal of career success. You have worked your way up the corporate ladder and finally seized the brass ring. But something is wrong. Pension funds and health care benefits, once guarantees of employee loyalty, are being reduced or eliminated. Incentive bonuses are no longer as plentiful as they once were. Even the allure of stock options is a thing of the past.

Clearly, the rules of the game have changed. No wonder top executives are turning to entre-

preneurship as a viable alternative to unsatisfying professions and unrewarding careers.

### We have just the solution.

**Quantum EXECUTIVE!™**, an executive coaching program for disillusioned executives, is ideal for people who are interested in starting a business either to supplement income, or begin a new, rewarding career.

## SOLUTION

**Quantum EXECUTIVE!™** is a one-on-one executive coaching

program designed to help you identify and accomplish your business goals faster than you could your own.

Through the use of the DiSC® Classic Profile System and our advanced five-stage Quantum Delivery Approach, we give you the insight and confidence you need to fully exploit your strength and growth areas, identify work characteristics that best fit your unique personality and management style, and discover what you truly want out of your professional life.

Savvy executives everywhere

are turning to Quantum Identity Group to help them maximize the benefits of working for themselves, including the freedom they gain by controlling their own destinies.

Our executive coaching solution is not for the faint of heart, however. It is a highly interactive process that requires clients to confront ways in which they may be their own worst enemies, preventing themselves from achieving the results they desire.

And unlike traditional coaching methods, we do not perform “techniques” on our clients. Instead, we partner with you in

your development. We understand that entrepreneurs require tough companions who are willing to join them in their most difficult work challenges; standing shoulder to shoulder with them in their journey towards self-sufficiency and successful business ownership. We also understand that you are the expert in your respective field, not us. Our role is simply to challenge you to work authentically and bring a more integrated self to your profession.

At its heart, executive coaching is a voluntary interaction where the coach is neither responsible nor accountable for the outcomes

of the person being coached. As such, the client must truly want intelligent, actionable solutions in order for our program to be most effective.

Motivated clients will experience powerful professional insights, a greater self-awareness, and a rapid return on investment.
